PROFESSIONAL SUMMARY

As a full-stack web developer with a focus on client satisfaction, I possess strong skills in both communication and collaboration using frameworks like Laravel to create and maintain efficient, scalable web applications. Additionally, I am a self-motivated individual who is able to work independently or collaboratively to achieve project objectives.

WORK HISTORY

Freelance Web Developer, 07/2022 to Current

Self-employed - Naples, FL

- Designed, implemented, and monitored web pages, plugins, and functionality for continuous improvement.
- Resolved technical issues and troubleshooting requests.
- Optimized query performance in web applications, by adjusting query cache sizes, and editing queries for a more efficient approach.
- Developed and maintained web applications using Laravel framework and MySQL database.
- Implemented responsive and visually appealing front-end designs using TailwindCSS, HTML5, CSS, and JavaScript.
- Collaborated with clients to increase the functionality and quality of web applications.

Electrical Apprentice, 07/2020 to Current

Towers Electric LLC - Naples, FL

- Passionate about providing excellent customer service and working collaboratively with others for quality service.
- Assisted electricians in performing residential electrical work, including installation, wiring, and troubleshooting.
- Worked on new construction and remodel projects, including interpreting blueprints and schematics to complete wiring and installation work.
- Performed electrical service work, including responding to customer requests and making necessary changes to ensure customer satisfaction.
- Collaborated with teams of electricians, contractors, and support staff to ensure the successful completion of projects.
- Adhered to safety protocols and guidelines to prevent accidents and injuries on job sites.

EDUCATION

High School Diploma, 2020

Gulf Coast High School - Naples, FL

- Relevant Coursework: Engineering (PLTW)
